National Institute of  
Senior Centers

## Recycled Art Show

On October 21st, Tenth East hosted the 5th Annual Recycled Art Show. Entries were fewer than last year but the art work was amazing as always. This event is the perfect opportunity to bring awareness to and remind everyone how important it is to recycle. A table of information was provided telling us what can be recycled, what can't be recycled, where to take recyclables, and how long it takes for items in the landfill to biodegrade if at all. Local recycle artist, Fred Conlon, provided a display of his metal work art. At the reception, 1st, 2nd, & 3rd place awards were given to the following; Mike McAinch from Liberty placed first with his Mother Mary wall hanging made out of metal scraps. Cheryl Walden from River's bend placed second with her Ocean Scene made from cardboard scraps, pistachio shells, orange peels, shells, a t-shirt, tissue paper, avocado net bag, string and fishing line. Third place went to Dan Lutton from Tenth East for his castle made out of wine bottle corks. First place won \$50.00 cash, 2nd place \$25.00 and 3rd place \$15.00. Everyone received a certificate and a swag bag. The re-useable bags were donated by Salt Lake County Landfill and they were filled with all kinds of goodies and recycling information. It is definitely worth entering your recycled art. For those of you that may be asking, what qualifies as recycled art?, it is anything found or salvaged and repurposed into some form of art. With that in mind we hope you will get busy and start working on your recycled art projects for next year. Next years recycled art show is scheduled for October 20th. We would also like to remind you that we collect old blankets and towels for SLC animal shelter, pennies and school supplies for Bennion Elementary, cell phones for soldiers, and used eye glasses and hearing aids for those less fortunate. Reduce! Reuse! Recycle!
